In Loving Memory of HFIA Members

Elin Walburn served on the HFIA Board for nine years, as Treasurer for seven year. Everyone loved Elin who always had a positive attitude and a broad smile. She was a very helpful and active Board Member. She served on the Pana'ewa Zoo Discovery

Forest committee and loved to attend HFIA field trips. HFIA had a Wiliwili tree planted in Elin's memory at the Waikoloa Dry Forest and a 'Iliahi alo'e Coastal Sandalwood planted in Elin's memory at the Honolulu Zoo Children's Discovery Forest along with a commemorative plaque.

Don Albrecht was a HFIA member for 12 years. He was an accomplished master wood turner and numerous galleries carried his amazing wood turnings. Don participated in HFIA's Young Koa Demonstration Project and entered his turnings in Hawaii's Woodshow, winning an Honorable Mention Award in 2009.

David K. Y. Chung was a HFIA member for seven years. He was an accomplished master woodworker whose creations can be found in many galleries. David was a member of Honolulu Woodturners and entered his pieces in Hawaii's Woodshow for many years, winning 1st place Turning: Form Emphasis in 2016.

5 THINGS you can do

www.rapidohiadeath.org

- 1 AVOID INJURING 'ŌHI'A**
Wounds serve as entry points for the fungus and increase the odds that the tree will become infected and die from ROD. Avoid pruning and contact with heavy equipment wherever possible.
- 2 DON'T TRANSPORT 'ŌHI'A INTER-ISLAND**
Comply with the new quarantine rule to help prevent ROD from spreading. Don't move 'Ōhi'a plants, whole or parts, 'Ōhi'a wood, or soil from Hawai'i island without a permit.
- 3 DON'T MOVE 'ŌHI'A WOOD**
Don't move 'Ōhi'a wood, firewood or posts, especially from an area known to have ROD. If you don't know where the wood is from, don't move it.
- 4 CLEAN YOUR GEAR & TOOLS**
If you must work around or cut 'Ōhi'a, clean tools and gear before and after use, especially when used on infected 'Ōhi'a. Brush all soil off of tools and gear, then spray with 70% rubbing alcohol. Shoes and clothes should also be cleaned before and after entering forests. Wash clothes with hot water and soap.
- 5 WASH YOUR VEHICLE**
Wash the tires and undercarriage of your vehicles with detergent and remove all soil or mud, especially after traveling from an area with ROD and/or if you have traveled off-road.
